

Home-to-Work Commute Flows

LEE COUNTY

Based on 2006-2008 American Community Survey (ACS) Three-year Average Sample Data

Census Transportation Planning Package (CTPP) Special Tabulations

County-to-County Data

Please note that this data is based on a random sample, and may have a large margin of error as a result.

Please also note that this map does not show any flows where the reported number of workers was less than 50, or flows to out-of-state locations.
