

## Summary of February 13, 2015 Steering Committee Meeting

The majority of the meeting consisted of the committee members marking up comments on two large maps of the region (one for bicycles and one for pedestrians), with a particular focus on identifying priority corridors. This was a carry-over activity that was originally planned for the previous steering committee meeting.

In addition, the committee members made the following general comments with regard to the priority corridors:

- Being designated as a priority corridor should not be a pre-requisite for seeking funding through the Strategic Transportation Investments (STI) process. Instead, the priority designation should factor into the project scoring for prioritization.
- Need to check local plans for any priorities/corridors that have been identified in those.

The next meeting date was set for March 20, 2015 at 10 AM (*note: this date was later pushed back to April 24, 2015*).

Attendees:

Matt Day

Ed Lewis

Bret Martin

Hillary Pace

David Montgomery

Heidi Perov
